Some notes:

- If you linked your membership number to your account, your training will automatically update at the council office. If you are a new member or you have not entered your membership ID number into myscouting.org, you will need to submit your YPT certificate to the council for training validation. New registrants will not receive a membership ID number until they have submitted their YPT validation and adult application to the council.
- You can re-print your YPT certification any time by logging into your account, clicking on the e-learning link, and then clicking print certificate.
